In these unprecedented times, providing housing of all varieties, especially affordable housing for low-income families as well as the "missing middle", has to be at the top of the priority list. As a lifelong Mainer who's very interested in retaining current residents, and also attracting others to our aging State, I fully support leveraging the additional resources outlined in LD 2003 to increase housing opportunities across Maine. There are few things as important as quality housing that's actually attainable by the general workforce who serves as the lifeblood of Maine's economy.
