RE: LD 2003 – An Act to Implement the Recommendations of the Commission To Increase Housing Opportunities in Maine by Studying Zoning and Land Use Restrictions

Please do not pass this bill. Zoning belongs to the individual communities and Maine residents have purchased property based on their unique and respective preferences for where they want to live. Many people choose to move to Maine for the rural lifestyle rather than high density that this bill could invite.

I urge a "Ought NOT to Pass" vote on LD 2003.

Thank you.
