LD 2003

As citizens and residents of Lewiston, my husband and I wish to maintain single family residential neighborhoods in our state. We do not want to relinquish local control of our zoning ordinances or be ruled by the prevailing overlords in Augusta. LD 2003 must not pass. Trust in government is already at an all time low...Do not give it a fatal blow. We want to see an "ought not to pass" vote on LD2003, the Section 8 Suburbs bill.  
Thank you
