Falmouth

Good morning Marine Resources Committee,
My name is Sam Mangino. I'm President of Pemberton's Gourmet Foods. I make a number of kelp products for Ocean's Balance a food producer here in Maine. We are developing a number of products for kelp producers here in Maine and in other parts of the country. I would like to submit my testimony that I am totally against LD1146. This would have a huge impact on companies like Atlantic Sea Farms and Ocean's Balance in the State of Maine. I ask that you completely vote against this bill LD1146 being submitted as it will have a negative impact on our Maine economy something this state cannot afford to do at this point.
