Northfield

I strongly oppose LD1146 as a lobster fisherman because it directly threatens my livelihood. in the age of COVID aquaculture has been a reliable way for me to diversify my income. as operating expenses constantly rise for any member of maines working water front i do not see how we can afford a cost increase for leasing/rent for our aquaculture farms. working on an aquaculture farm that does not interfere with fisherman or land owners does not give me the indication that LD1146 is a fair solution for honest businesses like us.
