Tyler Piper  
Hancock Fisherman

Senator Miramant, Representative McCreight, my name is Tyler Piper and I fish out of Hancock. I will keep this short and simple. I support LD 1146 – at the same time I support small aquaculturists. I support having a planning conversation about the future of the Maine coast.

What I don't support is global corporations coming to Maine to own the water. I don't support 1,000 acre leases.

Thank you –
