

Karie Ball
Washington

To the Members of the State and Local Government Committee Regarding LD 1039.

My name is Karie Ball and I live in Washington Maine. There is no reason that the governor should be able to reinstitute a state of emergency after 30 days without legislative input. 30 days is long enough to get a handle on the situation. The point of a state of emergency is to handle something that was unexpected. After 30 days it is no longer unexpected and should require legislative input. This bill is reasonable and would restore a proper two-party system to the Maine government. We need input from both sides. In my opinion, this bill ought to pass. Thank you.
