

Dear Senator Baldacci,
Representative Matlack,
and distinguished members of the Committee on State and Local Government,

My name is Patricia Collins, and I live in Windham, Maine.

I come to you today to ask that you vote, Ought Not to Pass as amended on LD 1019, HP0757.

It is my personal opinion the Governor of the state of Maine should be required to operate in full cooperation and accountability with the Legislative branches of government, with full Transparency to and for the good of Maine Residents and Businesses, regardless of the powers granted in the state of emergency.

60 days is to long of a period for the Governor to have state of emergency power and should be reviewed every 30 days. It is reckless to hold a society under these extreme circumstances for more than 30 days without a review.

Thank you for your time, and I respectfully ask that you vote Ought Not to Pass LD 1019, HP0757.

Sincerely,

Patricia Collins
Windham, Maine
