I support LD 1039, An Act To Safeguard the People's Voice in a State of Emergency. My dog boarding business was really affected, in that it didn't bring in the income it should have. I am concerned that I may not qualify for next year's health insurance through the Affordable Care Act if things don't open up soon. If I am not able to earn enough to qualify next year, I may not have health insurance. It's been over a year now, and we need to have more of a voice to put forth our concerns as they relate to our day to day lives. The governor is making decisions that are affecting people's livelihoods.

I support this measure to limit the governor's ability to continuing making all these decisions,
