

Simon Cavilla  
Skowegan

I am writing to the committee in regards to LD 805, my position is Ought Not To Pass.

The premise of disarming citizens of Maine during the time they are casting their votes in a Gun Free Zone does nothing to prevent a criminal from taking advantage of the moment in a Gun Free Zone. The safety for ballot casters is not there, if this is passed. We have constitutional carry and concealed carrier permits in this state. Maine Constitution Section 16. To keep and bear arms. Every citizen has a right to keep and bear arms and this right shall never be questioned.

Again, my position is Ought Not to Pass

Sincerely,

Simon Cavilla
