

Wayne Gray  
Orrington

Good morning, committee members my name is Wayne Gray, from Orrington. Thank you for serving the citizens of Maine.

I oppose LD 1051. Civics lessons can be administered in the classroom, and should be. The unbalanced, heavy to the left education that most public schools are providing our children and grandchildren is creating an under-educated base, ripe fruit for progressives / Democrats to pick. This is an obvious ploy of the left, and it flies in the face of what should be common sense. Would you trust a classroom of sixteen year olds with your future? When I was in my teens, my schooling had not yet provided me with adequate historical context that would allow me to make informed decisions. And most of my peers at the time were in the same hormone hijacked state. THIS is a dangerous step in the wrong direction for our state. Please oppose LD1051. Thank you.
