Dear Committee Members,

I am writing to urge you to vote NO to LD 805. It goes against the Maine State Constitution as well as the state preemption law for firearm related laws.

Maine is one of the safest states in the country and much of that is due to a well armed population. As many of you are well aware, gun free zones only invite those that are looking for easy victims. Look at places, such as schools, certain movie theaters, and other locations where firearms were prohibited.

This will invite harassment of people only trying to exercise their other right to vote.

There are laws on the books already against things like brandishing, or voter intimidation. This is merely another attempt by outside political interests to infringe on the rights of Mainers.

Please vote NO.

Thank you for your time,

Jonathan Martell
