

Stephen Milks
Auburn, ME

Dear Committee Members:

Please vote against this law, LD 805. Gun free zones INCREASE the risk of an attack by a crazy person. Most mass shootings happen in gun free zones or places that have asked people to be unarmed. There is no evidence that citizens engaged in their Constitutional Rights create any danger to others and in fact, make their fellow citizens safer. Constitutional Carry makes Maine safer. Please vote against LD 805, do not succumb to fear, follow the facts.

Steve Milks
City Council, Auburn
