Please vote down LD 805. It is arbitrary and capricious. Maine laws allow it's citizens to carry firearms in most public places. LD 805 is a thinly veiled attempt to usurp those rights. Gun free zones do not deter criminals who have already decided to ignore laws. Gun free zone rules and even signage to that effect worked really well at a high school in Knoxville, Tennessee yesterday, didn't it? Again, please vote down LD 805. Thank you m
