Dear Sirs,

As someone who helps subsidize my earnings by renting my house when I am not in it, I hope that you will not allow municipalities to ban short term housing.

We do provide a much needed service for the tourist population and for many of us, this is the much needed boost to seasonal earnings that make it possible for us to continue running seasonal businesses. Hand in hand with that is that these earnings pay for the mortgage and upkeep of the house. It would be a devastating blow to find out a board of selectman could hold my business' and financial fate in their hands. Local politics is too finicky for that scenario.

Thank you.
