The STR business has developed beyond control in my neighborhood. The ordinances enacted by the city of Portland have done little to maintain a residential community. Airbnb itself contributed \$250,000 to defeat a referendum in Portland last fall to limit its proliferation and extend guidelines. Munjoy Hill homes are being sold speculatively as Airbnb. Once affordable rentals are off the market and neighborhoods become tourist destinations. Let's keep our Hotel and Accommodations industry as the place for travelers to frequent.
