To whom it may concern,

I am apposed to any restriction to short term rentals. I have a small family camp that I rent on a daily basis. The camp is in a remote location and provides a safe location for anyone to vacation when they are looking to get away. I am not sure of the reason for the action of prohibiting short term rentals but if it is in connection to COVID then this would be a great and safe alternative for a family get away from the risk of COVID. There are several other reason why it is a bad idea to restrict short term rental but for a sack of brevity I will not go into each one. I just want to ensure my voice is heard that I am apposed to this restriction!
