Dear State and Local Committee Members,

I would just like to take this opportunity to request that you strongly consider the LD legislation.

As you all know, certain towns are considering limitations on short-term rentals largely as a result of a handful of guests who might have been a nuance to a neighborhood.

A wide net should not be cast on the rest of the homeowners in the state who have been diligent to make sure that our guest respect our neighbors and neighborhoods.

Thank you for your consideration. Sincerely, Dana Dakers
