

Scott Fershleiser  
Casco

Dear Committee chair and members:

We are retired and own a home on Lake Sebago: 72 Cub Point Rd, Casco, ME 04015. In order to be able to pay annual costs including real estate taxes, we need to rent the house for several weeks in the summer. They are one week rentals.

If the Town of Casco were to prohibit those summer rentals, it would be challenging to pay either the real estate taxes, or some of the other expenses associated with owning the property.

We support legislation that would prevent towns from prohibiting short term rentals.

Thank you, Scott Fershleiser and Lynn Emerson
