I am a LONG TIME Goose Rocks Beach, Kennebunkport homeowner. My parents built our home there in 1960 with plans to retire there, but due to unforeseen circumstances, that never happened.

I use my home and share it with friends and some LONG TIME renters who come from as far as Seattle to enjoy our beautiful beach. The pandemic was a tough blow to all of us, but this summer, people will be returning, myself included!

My renters and rental agent are respectful people who enjoy Maine and support local businesses. I hope to continue enjoying it, along with them, for many years to come. I am a teacher in NJ, so I only have limited time there myself~

Thank you for supporting homeowners who SHARE!
