Portland

Please vote no on this bill. STRs are here to stay, unfortunately. However they should be subject to review and rules. My experience is that our neighborhood has been adversely affected by the blow up of STR. The parking is gone, especially on weekends. There are groups of partying out of staters adding noise and an occasional limos ( bridal showers) .

Mostly? These visitors are not my neighbors! They come, they hit the bars and they leave and what would have been a resident of the neighborhood is a stranger who has no regard for community.

Please don't let AirBAnd B push this law through, as they did to defeat the recent ordinance in Portland. Pleas vote no!
