

Deborah Bridges  
BRUNSWICK

Plan and simple follow the federal laws or go it alone.

The legislative body of Maine has to put legal US citizens residing in Maine first.  
Any human being who comes to this country, then this state and finally settles in a  
municipality should be granted all rights of Constitution of the United States of America.

If municipalities refuse to comply with federal law they are aiding and abetting  
criminals, stop rewarding bad behavior shall we.
