LD 2167

I oppose LD 2167 “An Act to Develop Maine's Economy and Strengthen Its Workforce by Establishing an Office of New Americans“, and it “ought not to pass”.

Stop shoving lifelong Mainers aside to provide free housing and healthcare to the thousands of illegal immigrants posing as "asylum seekers" who have swarmed our state since Gov. Mills took office five years ago.

Gov. Mills is proposing to ramp up the invasion. She is asking the Legislature to establish a permanent bureaucratic structure in the executive branch of state government, committed to resettling 75,000 unvetted foreign nationals here over the next five years.

That's more than the population of Portland, Maine's largest city!

We already have a housing shortage in Maine. Where are all these New Mainers supposed to live?

This law will create an express lane from Eagle Pass, Texas to a housing project subsidized by Maine taxpayers in a neighborhood near you.

Again, I oppose LD 2167 “An Act to Develop Maine's Economy and Strengthen Its Workforce by Establishing an Office of New Americans“, and it “ought not to pass”.
