Our state is reeling from epic storm damage , homelessness, drug addiction, home affordability, high taxes, regulatory mandates, high electricity rates, inflation, that are making struggling seniors and American families poorer how can you or anyone else think that you have the support of your constituents in this endeavor without asking us. I do not want my TAX dollars to spend on housing, health care, education ,social programs that will put asylum seekers first before hard working Americans. This issue is number one in the next Presidential election and the majority of citizens are not happy. Biden and the Dems have unleashed tsunami on our country with the crisis on our border and made every state a border state. By doing this you just condone and invite more to come here for free stuff with many with no valid claims for asylum and a court date well into the future that it will probably never happen. How many is too many, how many can the taxpayers continue to support? Next you will let them vote. I am all for controlled LEGAL immigration .But there are approximately 8-10 million that have come since Biden became President. When does it end? Where will the money and resources come from, where will you cut, from seniors or veterans or the disabled. Weather they work or not we do not have the infrastructure to support this, not enough Doctors, nurses, teachers, cops, and we are already suffering because of it. Our schools will be overwhelmed while our kids get kicked the back of the bus. Our taxes will explode. You already approved brand new housing for them with FREE rent. You allow Catholic Charities and other Not for profits to bring them and drop them in our laps. with no plan, no economic support you assume we will pay. They get Free healthcare, free education, free housing, free cell phones. Creating this new government run bureaucracy is not the answer. Go to Washington and tell Biden to stop allowing unfettered uncontrolled immigration. Well news flash NOTHING IS FREE THESE ARE MY TAX DOLLARS NOT YOURS TO SPEND. Maine under the Democrats and America has turned into something I do not recognize.
