

Linda Haskell
Garland, Maine
LD 2121

Linda Haskell, Republican chair Garland, Maine. I oppose LD 2121. Chairman and committee members. I disagree with the implication that there is Understaffing of the State of Maine Government. If the members of the Republican and Democrat parties were to keep their working in the direction of the needs and proper legal aspects of the betterment of the Entire Maine Residential Communities, they would more than likely find there would be a great deal more work accomplished. All of the time spent on the political enforcing of one sided bills, government diffusion of responsibility, the bandwagon effect and inefficiencies, congestion or even collapse. LD 2121 Ought NOT to Pass. Thank you for your time.
