

Tim O'Leary
Gorham
LD 387

I DO NOT want LD 387 to pass. As a lifelong resident of the State of Maine, I and my fellow citizens are struggling to pay taxes to support the State at this time and cannot afford to pay more to support illegal aliens. Our residents are mostly of modest means and it is not right to put this additional tax burden on the majority for the programs that will benefit the few..... illegal aliens.
