I STRONGLY URGE you to vote OUGHT TO PASS on LD422, An Act to Require the State to Obtain Municipal Approval Before Placing Noncitizens in the Municipality. This should be an obvious issue. The residents and taxpayers of a municipality should have the right to turn illegals away from their towns. These are not citizens. They do not have citizen rights until they become citizens. Would you open your doors and let a group of people take over your house and make you pay for that house with no recourse to get them out? Also, known as swatting. The laws are making it easier and easier to take over a person's home and they can't get rid of them. This is the same thing. The town or city needs to vote on, as a group, as to whether they want these people in their community. It is ridiculous that we have to have a bill like this to get back the rights afforded us by the Constitution of the United States. The one soldiers have fought and died to protect and honor for almost 250 years. My father was a prison of war for 26 months in WWII, a war to stop such abduction of human rights by leaders with their own agendas of demagoguery. Please stop the madness now, vote OUGHT TO PASS on LD 422. Thank you for your service to our state.
