I strongly oppose LD 724.

Islam is a religion of violence & prejudice, which should not be endorsed or invited by the State of Maine's government.

Islam is not a religion of peace at all; the perpetrators of Islamic terrorism are following the edicts clearly given in the Surahs (verses) that constitute the Quran, their holy book.

The Quran dictates repeatedly that its followers must convert you to Islam or kill you if you refuse to convert.

Some examples follow:

Surah 3:151: "We shall cast terror into the hearts of those who disbelieve (all non-Muslims) ..."

Surah 2:191: "And kill them (non-Muslims) wherever you find them ... kill them. Such is the recompense of the disbelievers (non-Muslims)."

Surah 9:5: "Then kill the disbelievers (non-Muslims) wherever you find them, capture them and besiege them, and lie in wait for them in each and every ambush ..."
