My name Saleh Mahamud, I live in Lewiston Maine, and I the Imam of L/A Islamic center, one of the largest mosques in Maine, I do advocate to Muslim community across the state, and I understand the values and traditions that shape our community. For me Maine is not where I live only but it is my home, time of Eid I face challenges like the others when we are celebrating our faith. So, Recognizing of Eid celebration as state holiday will send strong message inclusivity religious freedom and respect of Muslim community. Muslims contribute in society a lot of ways, they work hospitals, schools, even state levels. So when it is Eid how they can celebrate with their families.
