I URGE you to vote OUGHT NOT TO PASS on LD1668, An Act Regarding the Voting Requirement to Extend the Date for Adjournment of the Legislature. My biggest objection to this bill is that the more time the legislature has to work on bill the more bills they will try to get passed. We have way too many bills already! The more things that they can come up with to change our state to something it was never supposed to be. The more money they spend that we don't have. The more ridiculous laws and changes and manipulations we will incur. We have more laws and taxes and rules than we ever should have already. When one side of the political opinion is outnumbered and the other side can't stop the bills from passing, there is a big price to pay by the Maine citizen. If you're going to extend the adjournment than perhaps the opposition party should be in charge for half the time as well. Otherwise, only one-side of any issue is listened to. It's very discouraging for the citizens who are underrepresented on any decisions that have an impact on their lives. Thank you for voting OUGHT NOT TO PASS on LD1668.
