LD 1383

Dear Members of the State and Local Government Committee,
I respectfully urge you to support LD 1383. As a proud Maine resident and taxpayer, I do not want my state's resources, investments, or pension funds supporting corporations that profit from genocide or war crimes. Maine has an obligation to uphold human rights. We should care about the rights and safety of our dearest neighbors and friends, as well as our fellow humans who suffer at the hands of our investments. We are all connected. Please take a lead in forging a future where states operate with human rights and dignity as primary guiding lights.

Thank you for your time and consideration.

Sincerely,
Kerry Anderson
