

Toben Cooney-Callnan  
South Portland  
LD 1383

As a religious professional in Cumberland County, I cannot support investments in companies that contribute to violence. One of the core values that I affirm in all my teaching is the inherent worth and dignity of all beings. As such, I must speak out against continued pension investments that profit of of human suffering. We can reinvest in corporations that do not profit from selling weapons that are used to kill children and civilians. Please pass LD1383.
