Thank you for reading my testimony Senator Baldacci, Representative Salisbury, and honorable members of the committee. I work for the State of Maine and am a MPERS recipient. I chose to work for the State to serve people who are disadvantaged locally. It is important to me that my benefits are not harming others in Maine, in our country, or around the world. I am grateful that others are concerned about this issue and want to make sure that the state of Maine is not contributing to injustice and harm, especially not on my behalf.
