

Zoe Grodsky  
Portland  
LD 1383

I am testifying in strong support of LD 1383. As a resident of Maine, I want our state to align with values of peace and safety for all people. My identity as a Jewish resident of Maine helps inform my support for this bill - I know how important it is that our state's money be a force for good, and not support our neighbors' detention and genocide. Now more than ever we see Mainers across the state rallying behind these principles.

Please take action and support this bill. Thank you.
