

LD 1383 January 21, 2026

To the Committee on State and Local Government,

My name is Frank Schmidt, I live in Westbrook, Maine and I support the passage of LD 1383. As someone with a MPERS account I know that it is morally imperative to pass LD 1383. It is unfortunate that we have to take piecemeal steps to stop a genocide but in lieu of federal sanctions on Isreal we, as good and moral people, must do whatever pittance of divestment we can. LD 1383 is a resolute step towards this divestment. I urge you with every ounce of good faith I have left: Pass LD 1383.
