Portland
LD 406

My name is Maggy Wolf and I SUPPORT LD 406! As a resident of Portland, I strongly urge you to support LD 406 and the expansion of passenger rail service in the state of Maine. It is critically important that we preserve rail corridors for passenger rail restoration and/or expansion. In these times of extreme climate change, we need to expand public mass transit, especially in heavily traveled commuter corridors. It would be a huge mistake to remove tracks in these corridors to convert them exclusively to trails. I am a big fan of trails and was an early supporter of the East Coast greenway and other trails, but passenger rail service has a much bigger potential to take cars off the roads. Please pass LD 406 for the sake of the planet!
