

Jane Bennett
Gorham
LD 404

My name is Jane Bennett, I live in Gorham Maine, I am writing in support of LD 404 to allow the Mountain Division corridor to become a trail & LD 1450 to help fund the building of the trail. The best use for the state-owned Mountain Division corridor is a wide paved trail for walkers, bikers, and runners, accessible to people of all ages and abilities. This trail extension will connect to the highly used Mountain Division rail-trail that already exists in Gorham and Windham. My husband and I use the MDT weekly and another stretch to Westbrook and even inland to Fryburg some day would be fantastic. We are seniors and bike a lot for our health and enjoyment.

Thank you,
Jane Bennett
