

Eve Boyce-Ratliff
Portland
LD 404

My name is Eve Boyce-Ratliff, I live in Portland, and I am writing in support of LD 404 to allow the Mountain Division corridor to become a trail & LD 1450 to help fund the building of the trail. Rail trails are not only important recreational resources but can be an economic boon to communities along their path. In areas where rail travel is no longer critical, every effort should be made to transition those corridors for use in recreation and human-powered transportation.

Thank you,
