

Ann Cole
Falmouth
LD 209

As a parent and Falmouth resident, I'm writing in support of the rail trail. Many roads in Southern Maine lack sufficient shoulders and sidewalks for safe biking and walking. Having access to a rail trail would enable my family and many like mine to safely commute by bike to / from Portland, and to adventure north safely. The otherwise unused train tracks are simply wasted space at present. I encourage the passage of LD 209.
