

Richard Curtis  
Presumpscot Regional Land Trust  
LD 404

I am a long term resident of Gorham and for many years have been looking forward to the opportunity to support the extension of the Mountain Division corridor both into Westbrook and out to Fryeburg. I enthusiastically support LD 404 to allow the Mountain Division corridor to become a trail & LD 1450 to help fund the building of the trail. The best use for the state-owned Mountain Division corridor is a wide paved trail for walkers, bikers, and runners, accessible to people of all ages and abilities. This trail extension will connect to the highly used Mountain Division rail-trail that already exists in Gorham and Windham.
