Hiram
LD 404

My name is Barbara DeSousa. I live in Hiram, Maine. I am writing in support of LD404 to allow the Mountain Division corridor to become a trail. The best use for the state-owned Mountain Division corridor is a wide paved trail for walkers, bikers, and runners, which will be accessible to all ages and abilities. This trail extension will connect to the 9 miles of the Mountain Division rail-trail that already exists in Fryeburg and in Gorham and Windham.

Thank you,
Barbara DeSousa
