

Christopher Goodall  
Gorham  
LD 404

My name is Chris Goodall, I live in Gorham, I am writing in support of LD 404 to allow the Mountain Division corridor to become a trail & LD 1450 to help fund the building of the trail. The best use for the state-owned Mountain Division corridor is a wide paved trail for walkers, bikers, and runners, accessible to people of all ages and abilities. This trail extension will connect to the highly used Mountain Division rail-trail that already exists in Gorham and Windham. Many in our community regularly use the existing resource, and their experiences will only be enhanced by the proposed change.

Thank you,  
Chris Goodall
