

Isabel M. Higgins  
Standish  
LD 404

Esteemed Chairperson and members of the Transportation Committee:

My name is Isabel Higgins and I am a long time resident of Standish. I am writing in support of LD 404 which directs the DOT to implement recommendations of the Mountain Division Rail Use Advisory Council. As a life long Maine resident who is getting older, not younger, I see a greater need for accessible outdoor trails , and the Mountain Division is a great opportunity for connecting the Sebago Lake area to Fryeburg with a multi use trail that will meet the needs of those seeking outdoor activity from cradle to grave. With its multiple points of access/egress, its potential is significant. I strongly urge you to designate this bill as "ought to pass". Thank you for your time and consideration.
