

Nancy Hudak
Standish
LD 404

As a resident of Standish, I support the development of the Mountain Division [Rail] Trail.

As an older person, having a good, walkable trail close by is important to me. In addition, I have to think the Trail would bring in other walkers, runners, bikers, and hikers from around the area, if not the state and New England. This would be a benefit to the towns along the Trail.
