

Jennifer Locke
Harrison
LD 404

My name is Jennifer Locke. I live in Harrison ME. I am writing in support of LD 404 to allow the Mountain Division corridor to become a trail. The best use for the state-owned Mountain Division Corridor is a wide, paved trail for walkers, bikers and runners which would be accessible and safe to people of all ages and abilities. This trail extension will connect to the 9 miles of Mountain Division rail-trail that already exists in Fryeburg and in Gorham and Windham. Here families and individuals can explore the landscape of Maine without without blocking roadways and dangers of traffic. I know if this happens, I would enjoy adventures on these trails with family and friends. Thank you.
