

Chuck Staples
Brownfield
LD 1450

My name is Chuck Staples, and I am a resident of Brownfield, Maine.

I am writing in support of the proposals for LD 404 (allow the Mountain Division corridor to become a trail) and LD 1450 (help fund building of said trail).

In my opinion, a best use for this state-owned corridor would be implementation of an accessible, paved trail for the general public to enjoy such activities as walking, running, and biking.

Creating this trail section and connecting it to the existing 9 miles of Mountain Division rail trail in Fryeburg and Gorham / Windham would be a great benefit to residents and visitors.

thanks and regards,
Chuck Staples
