

Chelsea Steinauer-Scudder
Portland
LD 1450

I am writing to share my enthusiastic support of LD404 and LD1450. As a resident of Portland, ME and part of a family committed to cycling and enjoying all of the outdoor opportunities Maine has to offer, I am excited about the potential this trail has to expand biking access to members of the Maine community. Rail trails have demonstrated benefits for human health and local economies, and contribute positively to Maine's climate goals
