Windham
LD 404

My name is Denise Varney, I live in Windham, I am writing in support of LD 404 to allow the Mountain Division corridor to become a trail & LD 1450 to help fund the building of the trail. The best use for the state-owned Mountain Division corridor is a wide paved trail for walkers, bikers, and runners. accessible to people of all ages and abilities . This trail extension will connect to the highly used Mountain Division rail-trail that already exists in Gorham and Windham.

Thank you.
