

Cindy Walker
Brownfield
LD 404

I would love to be able to walk in my town of Brownfield, Maine without the worry of vehicles. The extension of the beautiful pathway in Fryeburg, Maine would be a great addition for people of all ages and abilities. I have even seen on the Fryeburg trail in a wheelchair. Being able to get out in nature is a huge health benefit and can be used all year round. Walking, running, biking, roller blading, cross country skiing, snow shoeing, etc.
