

Joseph deKay
Hiram
LD 404

As a resident of Hiram in Oxford County since 1981, I express support of LD 404. Our area will benefit from outdoor public recreation opportunities which taking the railroad trail, upgrading it for quiet exercise, and enjoyment during warmer weather and snowmobiling when weather permits. In other areas of Maine and the rest of the country, this type of effort has proven beneficial. As a town we held a public meeting to discuss the matter, and the vast majority are supportive. Please pass this legislation for our sake.
